4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

5. Claims 1,2,8-13 and 15 are rejected under 35 U.S.C. 102(e) as being anticipated by Lofland(702).

See figures 1,7 and 8. Components on both sides of board 12 are seen at 18. Top and bottom heat dissipating devices are clearly shown at 24 and 26. Welded dimples 42/44 are the claimed coupling portions forming a coupling member. All else is clearly present in the reference.

6. Claim 19 is rejected under 35USC103 for the same reasons given in paragraph 14 of the first action.
7. Claims 3,4,6,7,14,16,18,20,21 and 23-26 are objected to.
8. Applicant's arguments were carefully considered and are believed answered by the current rejection. On the bottom of page 13 of the remarks, it is argued that claim 19

depends on claim 1. Such does not appear to be true----claim 19 is independent. No other arguments are given to distinguish this claim.

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
